

RECYCLE BINS IN WEST-BOLTON

Dear citizens,

We would like to remind you that a recycle bin will soon be dropped off at your residence. Please note that you don't need to be present for this delivery.

The recycle bins that were suppose to be blue, have changed colors to blend-in better with our landscape. Please note that the bins are for recycling only. No garbage will be tolerated inside the new bins.

The recycle bins will replace transparent bags for recycling. A grace period will be given for this transition. Following that period, recycling in plastic bags will no longer be accepted.

Thank you for your cooperation in this matter.

Cordially,
